

# Essentials of IP Media Transport for Broadcasters

Starting 9 May, 2022

Spring Sale 20% off Use Code PD2022Spring

Whether you're a Broadcast Engineer, Technician, Manager or Executive tasked with moving your company into the IP realm, you must have a solid grasp of video, audio and metadata transport over IP.

Learn more and snag your seat!

## Intended Audience:

- **Engineers and Technicians** working in Broadcasting, Systems Design and Integration
- **Technical Managers** need to design and deploy IP Media Transport systems
- **C-Suite Management** needs to understand the resources required to implement this technology
